Minutes of the Meeting

A meeting of the college development committee (CDC) was held on 12-08-2018 in the staff room of the college to discuss some developmental activities. The following officers were present :

1. Dr. Javed Iqbal (con.)
2. Prof. N.K Manhas (co. con)
3. Prof. Bal Krishan
4. Prof. Arjun Kotwal
5. Prof. Vijay Kumar
6. Dr. Reyaz Ahmed
7. Prof. Deepa Kak

Agenda :

After threadbare discussion it was unanimously resolved that :

1. The provision of fresh and clean drinking water for the students and staff is the dire need of the time keeping in view the threat of various water borne diseases. So it was resolved that the facility of clean drinking water may be managed and the purchase of the water purifier i.e. Aqua Guard/RO and water cooler may be managed on priority basis.
2. The construction of library block has started with an estimated cost of Rs. 33.50 lacs by the R&B department since 2010 out of the MPLAD funds of Jenab Ch. Lal Singh Ex MP. The funds amounting to Rs. 25.00 lacs were agreed by the Hon'ble MP and subsequently released for the said purpose. The construction of ground floor has been fully completed and the first floor is completed up to truss level and the sanctioned amount of Rs. 25.00 lacs has been utilized in full. Now the additional amount is direly required to complete the construction of the first floor so that the same can be utilized for reference section and reading room purpose. Keeping in view the dire need of accommodation of library, the members unanimously resolved that the said additional amount estimated cost may be provide from the college local fund to construction agency for early completion of the work so that the said block can be made functional.
3. It was also resolved that for the face lifting of the college the Bio Sciences, the Physical Sciences Blocks and Geography department and general staff room need immediate repair, renovation and painting keeping in view the NAAC peer team visit shortly. Most of the windows and the walls of the buildings are damaged and give a shabby look and therefore need thorough repair and renovation. It has been resolved that the HODs of the concerned departments may be given some advance for renovation of their respective departments to execute the work in a time bound manner against the proper estimates by the contractors.
4. The batteries of the BCA department have become non functional as these have outlived their life and not rechargable. It is recommended that the batteries may be exchanged for the smooth functioning of the system in the department.

It was decided in the meeting that the above mentioned works be executed out of any available fund of the college or funding agency.

Hence minutes of the meeting are submitted to the principal for his kind perusal and n/a.

Meeting Minutes of Special Committee Constituted for Site Selection to construct newly sanctioned Girls Hostel by UGC

On Agenda: Site selection for the construction of Girls Hostel sanctioned by UGC.

Present:

1. Dr. Javed Iqbal (con.)
2. Dr. Nisar Ahmed Bulla (co. con)
3. Prof. Davinder Kumar
4. Prof. Mansa Ram
5. Prof. N.K Manhas
6. Prof. Pinki Kotwal
7. Ms. Rukhsana Bano (S. O)

A special committee constituted in connection with site selection for the construction of proposed new girls hostel sanctioned by UGC carried out a survey of available land in the possession of college on 23-10-2018 and concluded as under:

1. The topography of land in extreme south is uneven and sloppy, hence may not be appropriate from technical stand point for the construction of proposed girls hostel. Further being a secluded place much away from the main campus, this location may not be a safe and secure place for girl students.
2. The land under use of Herbal Garden and in its immediate periphery cannot be diverted for construction purpose on account of the likelihood of damage to Herbal Garden.
3. The Herbal Garden where some rare species of the plants including some medicinal plants are growing and which also constitute an essential practical material for the students cannot be sacrificed for any construction purpose.
4. The land in the extreme west along the banks of a stream is flood prone and as such is not suitable for the construction of proposed building.
5. The committee finally arrived at a conclusion that there are two suitable sites for the construction of proposed girls hostel :

1. Land outside the fence of Herbal Garden

- a) The proposed site outside the fencing of herbal garden is quiet sufficient for the construction of proposed building and other allied recreational facilities such as lawns, recreational parks etc.
- b) This location is at a considerable distance from the old boys hostel and the access road can be constructed without any collateral damage to the conserved plant species.

2. Land adjoining to the old girls hostel

- a) The proposed site is not flood prone or risking land slide threat.
- c) The land is quite sufficient for the construction of proposed building and is topographically most suitable and cost effective.
- d) There is no issue of any collateral damage to conserved plant species.
- e) The issue of safety and security are automatically taken care of by constructing new girls hostel adjoining to the old one and in close proximity to the main college campus.
- f) Also there will be no concerns of availability of basic life facilities, communication services and issue of access road.

On the basis of observations made and conclusions drawn as mentioned above, the committee considers that the proposed two sites are most suitable for construction of proposed girls hostel. Hence the recommendations are made to the Principal for further n/a.

Present:-

- Prof. N. K. Manhas (Con.)
- Prof. Davinder Kumar
- Prof. Mansa Ram
- Prof. Mushtaq Ahmed
- Prof. Bal Krishan
- Prof. Arjun Kotwal

A meeting of the college admission committee was held on 20-10-2018 to discuss the agenda above.

Resolved.

1. In line with the university guide lines and regulations governing choice based credit system, the college decided to provide an elaborate choice of course combinations in various streams to the students during the initial phase of introduction of CBCS in the college. However it has been observed that there are many difficulties and issues in terms of infrastructural support base and availability of faculty to run all the course combinations opted by the students smoothly and upholding quality parameters.
2. The Choice of course combinations is as such required to be restricted to the extent that various aspects of college functioning especially the academic activity can be operationalized smoothly ensuring the optimum quality standards.
3. The format of new course combinations as unanimously worked out by the college admission committee after a threadbare discussion is issued herewith to be implemented in the upcoming academic session of 2019-20 subject to the approval of principal.
