

Plagiarism Policy

Plagiarism is to copy the contents from others making them as own. It can be in any form text, graphics, audio or video. So using another's contents without consent or proper permission is a serious infringement on copy rights and may invite legal action by the original contents owners and developers. So the teachers, scholars and students must understand plagiarism properly, go through it for while writing articles, research papers or authoring books or making use of audio, video contents. Thus plagiarism should be avoided developing and making own contents. After developing the contents following links can be used for plagiarism check online.
